

WEBINARS ON
AFRICAN SWINE FEVER (ASF): PREPARING FOR ASF
Epidemiological Surveillance

Date: 31 October 2023

Time: 09:30 to 11:30 (Central America time)

Objective: To explain the fundamental aspects of transboundary disease surveillance, prevention and response with countries of the Americas and the Caribbean, sharing the successful experiences of other countries in those areas.

Target audience: Ministers of Agriculture and Livestock, official veterinary services, private veterinarians, farmer and pig farmer associations (and the entire livestock sector), as well as veterinary associations.
